1/14/2012

To Albion Town Board Members,

At the January 7<sup>th</sup> meeting it was discussed about the possibility of a future adjustment to the work week schedule being conducted by the code enforcement office.

I would be very interested in working a four day schedule during a portion of the year as discussed and would prefer to conduct the following hours.

Monday thru Friday 7:00 am until 3:00 pm from October 15<sup>th</sup> until April 15<sup>th</sup>.

Monday thru Thursday 7:00 am until 4:00 pm from April 15<sup>th</sup> thru October 15<sup>th</sup>.

As I discussed with you prior I will still remain available for appointments and construction inspections on Friday and or Saturday as necessary. In addition I will attend any evening meetings as the need arises such as Town Board, Planning Board, Zoning Board and County Planning Board. As has been past practice I will remain available to respond to any requests from the Albion Fire Department and Emergency Management Office on an 24/7 schedule. If at any time where I will be out of the area for an extended period, I will contact a NYS certified replacement officer to assist at any Fire or Emergency as needed.

I would like to thank you for any consideration in this matter. I hope this proposed schedule will meet with your approval and look forward to hearing from you at your convenience.

Sincerely,

Daniel D. Strong

THE ASSEMBLY  
STATE OF NEW YORK  
ALBANY

MICHAEL P. KEARNS  
Assemblyman, 145<sup>th</sup> District

January 2, 2013

Dennis Stirk  
Town of Albion Supervisor  
3665 Clarendon Rd.  
Albion, NY 14411

Dear Representative Stirk:

I am writing to you regarding two foreclosure bills (A.88 and A.824) currently referred to the Judiciary Committee in the New York State Assembly. Last session the New York Assembly joined the list of states that have passed foreclosure bills making it mandatory for banks to provide municipalities with contact information of property managers or other parties responsible for upkeep and maintenance of foreclosed or abandoned properties. Unfortunately, the companion bill in the New York State Senate was referred to the Senate Committee on Housing and received no further action including no vote on the floor of the Senate.

I am concerned that the notice of contact information bill (A.88) and bill (A. 824) requiring 'good faith' in obtaining a foreclosure will encounter considerable special interest headwinds this year. In anticipation of significant opposition to these bills, I am hoping that your governing body could provide a resolution, in support of these bills. They can be viewed at my webpage: [www.assembly.state.ny.us/mem/Michael-P-Kearns](http://www.assembly.state.ny.us/mem/Michael-P-Kearns) or I can be reached at the email below. Included are two editorials directly dealing with these foreclosure issues and a sample resolution. My intention is to make financial institutions and lenders more accountable to the surrounding community when homes and buildings are abandoned or foreclosure proceedings have started. A resolution from your governing body will add depth and resonance to committee deliberations, as well as establish a robust and persuasive record based on the facts and the needs of the people.

I would be grateful for your participation. Please send your resolution to my District Office in Buffalo, New York. Thank you for your time and help.

Sincerely,

A handwritten signature in cursive script that reads "Michael P. Kearns".

## Banks, property managers must be held accountable

By MICHAEL P. KEARNS

Being responsibly as a neighbor and an essential to the operation of a society. When homes, residences, and other buildings become vacant, their maintenance and upkeep is to sustaining the property values in communities.

It is surprising that in this economic downturn, despite large profits in the financial sector, banks, mortgage lenders are not meeting this fundamental responsibility. Several of these institutions are presiding over degradation and depreciation of vacant structures throughout the United States. The property portfolios of vacant structures for many of these institutions, at least in part, are becoming

run down with the effects spilling over to the hardworking neighbors in many hometowns and districts.

The 145th Assembly District is confronted with this problem daily. Constituents who are alarmed repeatedly call about vacant buildings and homes that are not maintained for months at a time, if at all. The main complaint is that there is no one to call, contact or hold responsible. Attempts to contact banks holding the mortgage, after a foreclosure proceeding is commenced, are met with recordings and in the rare instance when a person is reached, no contact information of a responsible party is divulged.

I have been told on several occasions that giving out this information would create privacy breaches. My staff

has also been told that the information could not be divulged for fear of harassing phone calls made to individuals. These reasons seem specious because a neighbor living in a structure whose acts or omissions violate local building codes would not enjoy privacy protection or avoid responsibility for requests made by neighbors to do basic upkeep on the premises. The runaround is disconcerting and frustrating for many.

In an economic environment of dwindling net worth, degradation of our neighborhoods is an issue of national economic importance. In 2011, the states or policy laboratories of this country had no shortage of proposed legislative experiments to combat this issue. Arizona, Connecticut, Georgia, Hawaii, Illinois, Indiana, Kentucky,

Maryland, Minnesota, Nevada, New Jersey, Oregon and Rhode Island have passed bills in one or both houses to address this lack of vacant property maintenance, accountability and responsibility. A federal response is hoped for.

For the protection of our neighborhoods and communities, I have asked that Assembly Bill 10524 and Senate Bill 7620, which would make it mandatory for lending institutions to provide contact information of responsible parties regarding vacant structures, be speedily made law in New York. It is my fervent hope that the people of New York contact their local representatives and join in this endeavor, which concerns us all.

## SPONSORS MEMO:

NEW YORK STATE SENATE  
INTRODUCER'S MEMORANDUM IN SUPPORT  
submitted in accordance with Senate Rule VI. Sec 1

BILL NUMBER: S2026

SPONSOR: MAZIARZ

TITLE OF BILL: An act to amend the lien law, in relation to filing of false liens against public officials

PURPOSE: To ensure that appropriate punishments and deterrents exist in relation to the malicious filing of false or fictitious liens against local or state officers as defined in state law, including but not limited to police officers and elected officials.

SUMMARY OF PROVISIONS:

Section one: Amends the lien law to prohibit the filing of false or fictitious liens against public officers as defined in section two of the public officers law, and imposes a criminal sanction of \$10,000 per incidence or up to one year in prison or both.

Section two: sets forth the effective date

JUSTIFICATION: In recent years, members of the so called "Sovereign. Citizens Movement" have begun to utilize the tactic of filing multiple false or fictitious liens against police officers and public officials as a means to intimidate these individuals and undermine the rule of law. The FBI describes such individuals as anti-government extremists who believe that even though they are in the country they are separate or "sovereign" from the United States. There are multiple examples across New York State of "sovereigns" using false liens as a part of a scheme to destroy the lives of ordinary people who are simply doing their jobs. These bogus liens are meritless, but in multiple cases they were accepted by the Department of State and other entities and began to appear on credit reports and had a significant and negative impact on law abiding citizens.

In response to this problem, the Federal Government has enacted 18 USCA 1521, which gives Federal authorities the ability to prosecute those involved in this activity, but the law only covers those victims who are Federal Government officials.

This bill would provide equivalent state protections to public officers covered under New York State law, including local elected leaders and law enforcement officials.

LEGISLATIVE HISTORY: New legislation.

FISCAL IMPACT: None.

EFFECTIVE DATE: This act shall take effect immediately.
