**The Albion community is pleased to introduce**

**The Eastman at Albion Courthouse Square Concert Series.**

**Our Mission:**

In partnership with the Eastman Community Music School, we will promote the performing arts in our community by offering a series of professional music concerts. We hope to educate and inspire through exposure to musical excellence. In using our historic churches as musical venues, we will more greatly appreciate the cultural heritage of our community.

**Albion Courthouse Square:**

The Orleans County Courthouse serves as the central focal point of Albion's historic district. Its large dome surmounted with a cupola serves as a landmark for miles around. Settlement came to Albion, first known as New Port, in 1823 in anticipation of the Erie Canal. Albion was designated the county seat when Orleans County was separated from the northern part of Genesee County in 1825. The original Courthouse was replaced with the present outstanding example of Greek Revival architecture in 1857-1858.

Surrounding this magnificent landmark are seven architecturally significant churches built in the nineteenth century: Holy Family Parish - St. Joseph's Church., First Presbyterian Church, Pullman Memorial Universalist Church, Christ Episcopal Church, First United Methodist Church, First Free Methodist Church, and First Baptist Church. Of particular note is an array of extraordinary stained glass windows found in the churches as well as the use of native Medina sandstone in three of the churches.

Albion's historic district, consisting of thirty-four buildings including the Orleans County Courthouse and seven architecturally significant churches, was placed on the National Register in 1979.

### About Albion:

Few locations offer Albion's numerous advantages. Situated on the Erie Canal and centered in the picturesque setting of rural farmland, Albion remains within an hour's drive of the cities of Buffalo and Rochester. Albion residents enjoy the beauty and activity of a rural atmosphere and the advantages of metropolitan culture and events within easy driving distance. The shores of Lake Ontario are a few miles away and offer derby fishing, boating, swimming and camping. Albion is the county seat and home to many active service organizations. The Albion Main Street Alliance works to revitalize the traditional downtown business district within the context of historic preservation. Fraternal organizations including Rotary and Lions Clubs, as well as Legion, Masons and Elk's Clubs, all work to enhance community life.

The Albion community features many historic buildings and the unique Mount Albion Cemetery that are listed on the National Register of Historic Places. Village architecture makes Albion a favorite stop for historians, college history classes and tourists alike.

**Concept Proposal**  
**Options for Integrating Albion Town and Village DPW Operations**  
CGR 1/6/11

**Overview:**

The Town and Village of Albion are interested in looking at opportunities to create operating efficiencies and reduce costs of their DPW/Highway operations. The Village has a full-service DPW department that includes street, water and sewer operations. The Town has a highway department that is overseen by an elected Highway Superintendent. The Town has water districts where infrastructure is maintained by the highway department. At this time, the Town and Village are also engaged in developing a joint comprehensive plan. DPW/Highway operations planning could be integrated with the overall comprehensive planning effort.

**Proposal:**

CGR proposes to develop a white paper for presentation to the Town and Village boards that will outline the following key planning elements:

***1. Baseline operations review:***

- Current operations: personnel, facilities and equipment baseline data, including 3 year trends, dependent on data provided by each municipality
- Identification of service needs for both governments, i.e. types and levels of service provided by current operations and estimates of projected service needs for the 1-to-5 year future time period.
- Projected operating and/or capital cost needs and costs

***2. Organizational Options to meet future service needs:***

- Review of integrated town/village models in existence in other areas of the state, e.g. village contracting with the town, joint village/town operations, shared village/town facilities
- Projection of how the various other integrated models could provide efficiencies and/or cost savings to Albion to meet projected service needs (operating and/or capital) for the next 1-5 years.
- Suggested steps to move toward one of the integrated models if the Town and Village Albion choose to do so.

**Timing and Cost:**

Delivery of the white paper could be completed within two months provided CGR has timely access to information and staff to collect the needed information. Cost – to be determined as a result of the RFQ process.

Helena Chemical application for a zoning change to accommodate their business plan for expansion in the community.

### TENTATIVE SCHEDULE

Initial presentation to the Town Board--January 11, 2010 meeting.

December, 2010--Helena presented their proposal to the Town Planning Board and discussion took place with a portion of a specific parcel targeted for the request for a zoning change. The Town Planning Board members approved of the proposal.

January 2011-- Helena's engineer submitted a copy of the proposed location of the project. A copy of the SEQR application, legal description of the property, completed application and fees have been submitted to this office.

Timeline for the application process to be completed.

February 14, 2011--Town Board Meeting:

The Town Board acts as the lead agency in zoning matters.

Part 2 of the long form SEQR being submitted requires completion and approval of the Town Board. It may be prudent in this approval process to consult with the town engineer for assistance in the completion of the SEQR form. Chatfield estimated his fee to be approximately \$350.00 to complete part 2 and attend the February 28, 2011 meeting to review and answer and questions regarding the SEQR form

Town Board can move for approval of using Chatfield Engineers for the work on the SEQR. This application does not meet the requirements to be forwarded to the Orleans County Planning board for their review or recommendations. If the Town Board elects to forward this to the County Planning Board for only a cursory review, a decision will be necessary. I will need your decision on February 14, 2011 in order to have the

application submitted by February 17, 2011 for review by the County planning Board on February 24, 2011.

February 24, 2011--The County Planning Board would review application if deemed necessary. Any findings or decisions would be available on Feb 28th.

February 28, 2011-- The completed SEQR form would be available for the Town Board to review and approve. If necessary a presentation of the facts and findings of the SEQR could be furnished by a representative from Chatfield Engineering. This portion of your meeting agenda could be accomplished beginning at 6:00 pm on the 28, 2011. If the SEQR is deemed acceptable the Town Board could approve to hold the Public Hearing for this application on March 14, 2011 at 6:15 pm.

March 2, 2011--The Town Planning board could be afforded a review of the final submittals and be given the opportunity to provide any other input regarding the application.

March 14, 2011—IF THE COUNTY PLANNING BOARD MEETS AND REVIEWS ON 2/24/2011, the Town Board could conduct the public hearing and render their decision at the completion of the public hearing.

April 11, 2011—IF THE COUNTY PLANNING BOARD DOES NOT MEET AND REVIEW ON 2/24/2011, IT WILL MEET ON 3/24/2011 AND THIS (April 1, 2011) IS THE DATE OF THE PUBLIC HEARING.

If this timeline is acceptable to the board, please inform me of your decisions after the February 14, 2011 meeting.

One of the requirements of the process is notifications be mailed to property owners within 500 feet of the property. This requirement will be completed by this office. I also would like to contact the representatives from Helena as to which meetings you would require their attendance.

If you have any further questions or need additional information please let me know
