- 15) Collected residuals / Sent reports to the Health Dept.

January 24, 2015

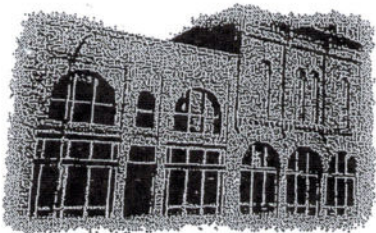

To the Town of Albion:

Being historian has been a passion for me for many years and I have thoroughly enjoyed my work for the Town of Albion. I have been fighting a brain tumor for the past year and currently have no treatment left. I believe it is in the best interest of the town at this time to resign my position, as hard as it is for me. I am thankful for the opportunity to serve our town in this capacity. I have completely enjoyed assisting people in researching their families. Thanks you for the opportunity you gave me.

Sincerely,

A handwritten signature in dark ink, appearing to read "Cheryl Staines". The signature is fluid and cursive, with the first name "Cheryl" being more prominent than the last name "Staines".

RE: Telemetry

Dear Lance & Jim,

Back in 2013, Kevin Miller, the Village of Albion's Chief Water Treatment Plant Operator, conferred with the Town of Albion and Town of Barre Water Superintendents regarding the installation of a new telemetry system for the two water tanks located in the various municipalities. It is my understanding that with the installation of the new system, the Superintendents would be better able to manage the water levels in the storage tanks located in their municipalities.

After having conferred with Mr. Miller it was my understanding that the Town of Albion and Town of Barre tentatively agreed to share in the costs associated with the telemetry project. No inter-municipal agreement had ever been signed by the various municipalities to share in the costs.

Unwittingly, Kevin Miller contracted with a particular individual and had the system installed in or about the month of April 2014. The Village of Albion's procurement policy which calls for request of bids from three (3) appropriate contractors was not followed. Mr. Miller, nevertheless entered into a contract for the installation of the system. The fact that he had entered into this contract was never communicated to your Town boards.

Regardless, no inter-municipal agreement was negotiated or signed by the municipalities concerned. I have been directed by the Village of Albion's Board of Trustees to inquire regarding your town's willingness to share equally in the costs of the telemetry system.

I have enclosed the invoice from RS Automation LLC for showing the cost of the system being \$18,421.00. I understand this to be the first billing the Village of Albion has received. After the fact, and having been advised that the Village's procurement policy had not been followed, Mr. Miller sought and received bids from ATSI and Atlas Automations. The bid from ATSI was \$31,150.00 and the bid from Atlas Automation was \$56,900.00. I have enclosed a copy of the two bids from ATSI and Atlas Automation as well as the invoice from RS Automation.

I would like to know if your municipality is willing to enter into an inter-municipal agreement wherein it would be agreed that the Village of Albion, and the towns would share equally in the cost of the installation of the system as well as the future operation and maintenance of the same

It is my understanding that the three (3) water superintendents agreed that this telemetry system needed to be installed. The old version hard wired system was not meeting the needs of the municipalities.

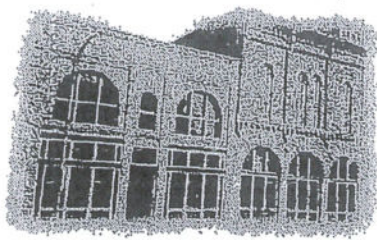

If you could confer with your Town board and let me know the willingness of both enter into the proposed inter-municipal agreement, I would be grateful.

I look forward to your response.

Very Truly Yours,

John C. Gavenda

RE: Town of Albion Fire & Water Contracts

Dear Jim,

I have been directed by the Village of Albion Board of Trustees to initiate a dialogue concerning the fire contract and the "sale of surplus water" contract with the Town of Albion.

It is my understanding that both contracts expire on January 31, 2015. It is the desire of the Village of Albion to have the contracts ready for renewal upon the expiration of the present contracts. As for the water contract, it is the general practice of the Monroe County Water Authority and the Niagara County Water Authority to negotiate long term contracts with the municipalities they serve. These contracts are generally forty (40) to forty five (45) year contracts.

It is the desire of the Village of Albion Board of Trustees to establish a forty (40) year contract for the sale of surplus water. The terms and conditions of the said contract would be very similar to the past contracts negotiated by the municipalities.

It may be to our client's mutual benefit to meet and discuss the terms of the proposed contract. I would request that you contact me to confirm the willingness of the Town of Albion to meet to discuss the possibility of negotiating such a contract.

Also by way of this letter, I would draw your attention to the fact that the fire contract expires at the end of two (2) years. The adjustment for the yearly rate is the Consumer Price Index (CPI). This is often a difficult figure to obtain to make the adjustment in a timely manner. It also causes some confusion as to what the appropriate figure is to use. The Village would be open to discuss an alternative method to adjust the annual rate. Often times, the inflation rate does not adequately cover the increase in the cost of the fire protection provided to the Town of Albion.

Please let me know of the Town's willingness to address this issue for the new contract.
I look forward to your response.

Very Truly Yours,

John C. Gavenda
