Resolution #69 Village of Albion/Town of Albion Parks and Recreation Agreement

Whereas, the Comprehensive Plan Survey results indicated that 85 – 94% of the population, uniformly across the Village of Albion Town of Gaines, Village of Albion Town of Albion and Town of Albion outside the Village, felt that the town and village should continue to cooperate on parks and recreation and work to improve them. Therefore, the Town of Albion proposes that it make a contribution to the Parks and Recreation Program provided by the Village of Albion in accordance with the following terms:

1. Estimates of the population of the Village of Albion in the Town of Albion range from 75 to 80% of the population of the Town of Albion. We will base our figures on 80% for the purpose of this proposal. We will use the final Census 2010 figures for our actual percentages.

July 12, 2010

2. The Town acknowledges that the median household income of the Village of Albion, at the time of draft, is approximately \$4,000.00 less than the median household income of the Town of Albion. The Town acknowledges the benefit it receives in terms of grants and financial aid as a result of a median household income lower than the County of Orleans median household income.
3. The Town acknowledges that, while a Village is a voluntary entity, the residents of the Village of Albion finance operations of the Town that are a duplication of services they receive in the Village. Were there no Village of Albion, the Town of Albion would be responsible for roads in the Village.

Now therefore be it resolved if projected revenues and expenditures remain at the level indicated in our June 2010 monthly report, the Town of Albion shall make a budgetary allocation of \$10,000.00 in the 2011 fiscal year, with the understanding:

1. The Village shall expedite a resolution approving the formation of a Parks and Recreation Committee/Commission between the Village of Albion and the Town of Albion for the purpose of improving the parks and recreation program that serves residents of the Town and the Village of Albion.
2. That inter-municipal agreement shall specify the contractual relationship between the two entities, namely for that.
